

MINUTES OF THE SECOND IRINN OPEN POLICY MEETING TO DISCUSS THE POLICY ASPECTS RELATED TO INTERNET RESOURCE ALLOCATION HELD IN INDIA HABITAT CENTRE NEW DELHI- 11003 ON 20th NOV, 2014 AT 1200 HRS.

List of participants is attached as Annexure 1.

1. Dr. Ajay Kumar, JS DeitY and Director NIXI chaired the meeting. He welcomed the participants and acknowledged the contribution made by Indian APNIC members during the election of NRO NC. He requested CEO NIXI to start the proceeding of meeting.
2. CEO NIXI congratulated JS, DeitY for winning the election of NRO NC election and commenced the meeting after a round of introduction of participants. It was noted that participants have come from around 10 cities such as Mumbai, Jaipur, Hyderabad, Chennai, Pune, Ahmedabad, Noida, etc.
3. Manager NIXI made a presentation on IRINN covering the details of IRINN policy objective, resource allocation procedure, AS delegation policy, present status of last /8 block of IPv4 address, resource fee, current IRINN affiliates status etc.
4. CEO NIXI shared details of recent development covering the cooperation SIG at APNIC, IANA Transition, NRO NC responsibility etc. He informed that JS DeitY and CEO NIXI are represented in NRO and NRO CRISP team respectively and will provide inputs on behalf of India to the Asia Pacific Regional Community. With the IRINN Tutorial on Internet Resource Management just completed he sought feedback from the participants on the global Internet resource allocation policies. He assured that their views will be taken into consideration before finalizing the Indian position in forms such as APNIC and IANA.
5. Chairman observed that there is a need for further engagement of the Indian Affiliates community in various International fora and listed the measures taken by NIXI to improve the same.
 - (i) DeitY has obtained golden membership of ISOC; Delhi chapter of ISOC has been made more active with membership increasing from 32 to 2516.

- (ii) Deity is encouraging participation of young engineers in IETF standardisation activity and other policy & technical bodies related to the internet.
- (iii) With the second large Internet users base, Indian view point will definitely be factored in the global policy framing.

4. Following views emerged from the participants:-

- (i) Maximum Delegation size in IPv4 is only /21 and many organizations are unable to expand their Network due to non availability of IPv4 addresses.
- (ii) It was observed that some of the Internet Service Providers are still not on dual stack and their network is IPv4 only.
- (iii) Many organisations have still not moved to IPv6 and speakers requested participants to move forward on IPv6.
- (iv) During the discussion on Indian participation in Policy making at global platform, it emerged that NIXI should encourage participants from Indian economy to actively involve in policy development at International forums such as ICANN and APNIC.
- (v) It was observed that there is a need for hands on Training for better understanding of IPv6 and it will also help Affiliates and other people from Internet community to implement IPv6 in their Network.
- (vi) It was observed that NIXI may organise IETF awareness building program for the affiliates.

5. After the discussion, Advisor NIXI proposed a vote of thanks. The contribution of JS DeitY to encourage the Internet promotion activity jointly with NIXI was acknowledged. The contribution of CEO NIXI and participants from various IRINN officials towards successful conduct of the tutorial and meeting was also acknowledged.

Annexure 1

S.No.	Name	Organization Name
